

NOWBREW

Coffee Dispense Cleaner Ready-to-Use Solution

For Use With:
Ready-to-Drink
Bag-in-Box Dispense Systems

This cleaner is not recommended for concentrate coffee systems.

DIRECTIONS FOR USE

1. Place cleaning bucket under the dispense nozzle.
2. Disconnect ready-to-drink beverage from system. Attach cleaning adapter and insert into NowBrew coffee cleaning bottle.
3. Dispense coffee until cleaning solution is visible.
4. Pause dispense and let the solution sit for 5 minutes.
5. Dispense 6-10 oz of cleaner. Pause and let the solution sit for an additional 5 minutes.
6. Dispense remaining cleaning solution into the bucket.
7. Attach ready-to-drink beverage product. Dispense until beverage is visible.
8. Pour and discard an additional beverage serving.
9. Discard bucket contents down any drain. Wipe all external surfaces with a clean cloth.
10. The system is now cleaned and ready for use.

This product carries a triple zero Health and Safety rating. For more information, please refer to the safety data sheet found at nowbrew.com/safetydatasheet.
